ADOPT-A-PEAK CREW LEAD POSITION

2 positions available

The Colorado Fourteeners Initiative (CFI) is a nonprofit organization working to protect and preserve the natural integrity of Colorado’s 14,000-foot peaks through active stewardship and public education. www.14ers.org

Come work on Colorado’s highest peaks! CFI seeks to hire a volunteer leadership position to implement CFI’s trail maintenance and alpine restoration projects on Colorado’s 14,000-foot peaks. This is an engaging, yet challenging position based out of Colorado’s rugged backcountry. This position requires a strong trail work skillset; conservation ethic; excellent leadership, logistical, and team skills; experience leading and managing volunteers; and a desire to work in a challenging yet beautiful backcountry setting. Come and join CFI this summer!

Trail Crew Leader (2 positions): Crew Leaders are directly responsible for; project planning and logistics, project prep and implementation, and providing education, training, and supervision to crew members and volunteers. In addition, Crew Leaders will supervise their crews on trail maintenance projects as part of a four-person crew when not working with volunteer groups (approximately 50% of the time). Each Adopt-a-Peak crew will work on 7-8 different peaks all over Colorado throughout the season. Crew Leaders are expected to work together with their Crew Members and the Intern to implement volunteer trail maintenance projects. The 4-person Adopt teams may occasionally split and work as a two separate 2-person crews. About 50% of this position is focused on implementing Adopt-a-Peak projects utilizing volunteer groups. And 50% working as a 4-person trail maintenance team. The Adopt crews will camp during all work hitches (sometimes frontcountry (car) camping and sometimes backcountry camping (backpacking). For more information on the Adopt-a-Peak program, visit http://www.14ers.org This position begins in late May and runs through early October and is based out of Twin Lakes, CO.

POSITION DUTIES

• Implement trail construction and maintenance projects at high altitude (11-14,000+ feet), including:
  o Extensive rock work including rock steps and walls
  o Restoration including alpine tundra stabilization and re-vegetation
  o Serve as the on-mountain expert on technical trail construction or restoration/re-vegetation work and ensure that project work is being constructed to established quality standards and timelines
  o Set regular project goals/priorities
  o Provide/facilitate solutions for working through problem areas
• Coordinate with CFI field staff management team to implement CFI’s project goals.
• Report on progress of field projects to supervisors regularly
• Project planning and management: Determine human resources and equipment/materials needed to accomplish projects; set regular project completion goals; oversee project logistics (travel planning, tool preparation, food re-stocks, lining out project work sections); materials planning; health and safety; and interaction with the public
• Work projects require hiking up to 10 miles per day at altitude, carrying heavy hand tools, extensive heavy stonework, and working and contributing as part of a team
• Lead and train CFI staff and/or volunteers in project tasks/techniques
• Ensure project safety and quality
• Identify project challenges and pro-actively prescribe solutions
• Foster a positive, open, engaging, and motivating experience for volunteers
• Educate self, volunteers, and/or youth corps in alpine ecology and Leave No Trace principles
• Education/outreach tasks may include:
  o Educate volunteers and/or hikers on Leave No Trace and alpine ecology topics
• Contact hikers/climbers on-mountain and present information about Leave No Trace and CFI
• Base camp duties, meal prep, tool/equipment maintenance, public interaction
• Continually enhance expertise in alpine trail restoration/construction techniques, crew management, and leadership
• Photograph worksites before, during, and after work is performed for documentation
• Complete daily work journals that record accomplishments neatly and accurately
• Compile detailed project reports at the conclusion of each hitch
• Submit ALL receipts to the CFI Controller in a timely manner
• Other tasks assigned as needed

DESIRED QUALIFICATIONS

Technical/Physical
• **Good physical fitness and ability to exert oneself at 12,000 + feet in elevation.**
  • Trail building/maintenance experience in a supervisory role (or trail experience plus other project and people management experience) 3+ seasons of trail work experience preferred
  • Strong rock work experience (stairs, retaining walls, check dams, etc) as pertaining to trails
  • Proficiency in travelling (hiking and navigating) and living in mountain backcountry environments
  • Willingness and ability to live and perform strenuous work at high altitude for multiple consecutive days

Leadership
• Outdoor leadership experience (or other leadership background).
• Positive, professional attitude
• A strong passion for and experience in leading volunteers and/or young adults in outdoor based conservation activities
• Excellent communication, motivational, and interpersonal skills applicable to a group outdoor setting
